

## **ACME REFINING BUYS 'E-SCRAP'**

*An Opportunity for Waste Prevention by Reducing  
Re-Using and Recycling Electronic Scrap in  
Your Community or Organization for Revenue*

*End of Life Electronics  
impacts our land-fills.  
Acme Refining has cre-  
ated a new green ser-  
vice by "buying" your e  
-scrap, not charging to  
pick it up.*

*Acme Refining will pick  
up your old electronic  
items and professionally  
dismantle, segregate  
and refine the  
electronics contained in  
the e-scrap generated in  
your community.*

### **- PRODUCTS THAT ARE CONSIDERED E-SCRAP -**

#### ***COMPUTERS***

***COMPUTER PERIPHERALS - VCR'S - DVD PLAYERS***

***VIDEO CAMERAS - TELEPHONES - CELL PHONES***

***- FAX AND COPY MACHINES -***

***Video Game Consoles and Wireless Devices***

***Recycling e-scrap saves our land fills from toxic materials and refuse***

*Acme Refining will pay for E-Scrap and not charge for pick up, freight or Service. Acme Refining also takes Computer Monitors at zero cost*

*Hazardous Materials: E-Scrap may contain hazardous materials such as lead, mercury, chromium. Acme Refining will recycle and return these materials to be processed for re-use.*

*Televisions are not considered E-Scrap and are not recyclable*
